Taby Tosa Will Likely Be Second Choice of Independence Hand cap Over the Old Course, While Good Field Is Carded for Fea gare Event Over the Carmody Course - First Mason Look

AT FAIR GROUNDS.

Bernays will be favorite in the feature event at the Fair Grounds to-day, the In-dependence Handicap, and it appears as a mile and one-eighth. Bad Penny look though first money should go to the Res-pass candidate if track conditions are the high impost of 116 pounds, but as h

Taby Tosa and Jack Young will be close up in point of favoritism, and there can be no question that Jack Young will receive much local play on the strength of his victories of this season. Over a heavy track he will have many admirers. Over in with only eighty-six pounds. This fill: track he will have many admirers. Over a fast course his price will rise.

NO

as if Rebo should beat the Hayes entry, with the ponderous Elastic getting third position.

First Mason, it seems, should win the sixth race. His weight will not bother him and he can handle himself well on almost any kind of track. The Regent should be a contender at the end and the chances of Harmakis cannot be overlooked for show money.

Ada N., Leenia and Caithness seems to be the order in which the closing race is likely to finish as Boaster's exact readiness for a hard race to-day is said to be a bit doubtful.

Radium, with light weight, seems a strong candidate in the second race, and the Bennett string should get second money with Aflo, Lasso should be no further away than third place.

Wissendine looks best in the third race. Easter Walters has shown speed in his recent races, while carrying the light impost assigned to him to-day, and he should be a factor. At the weight, it looks as though he should defeat Pettijohn.

In the opening event, Franco looks well in spite of the presence of Limerick Girl, Hersain and a haif dozen other good ones. The little gelding ran a good race on his last out, is a quick breaker and has nine pounds off his last out. This should bring him close to the fore to-day.

STAKE WINNERS LEAD OWNERS.

Rowe and Cook Stables Have Big Ad-Stake winners of the last two Saturdays have an easy lead in the list of winning owners at the Fair Grounds, Colonial Girl's victory in the World's Fair Handicap having placed C. E. Rowe to the fore,

cap having placed C. E. Rowe to the fore, while Fred Cook is an easy second with the amount of money won by English Lad and Kurtzman.

E. R. Thomas is third in line with the \$5,000 won by Hermis, while G. C. Baker has next position and James Arthur follows closely. Those who have won \$500 or over are:

AT UNION TRACK. The feature at the Union race track to is a horse of much lass and favorable weight, it looks like he should annex th

nis victories of this season. Over a heavy track he will have many admirers. Over a fast course his price will rise.

It is to the consistent Taby Tosa, the gray gelding who performs so steadily in all sorts of going, that a candidate must be looked for who will give trouble to like the mud. Yet he has run some impressive races in heavy going and should be a factor in any kind of footing.

Bernays would probably have won Saturday had he not stumbled at the start, a fact which gave several itensiths to him to make up. He carries III pounds to-day, but he should be able to handle it.

Forehand, from the bennett stable, is the candidate to whom attention must be paid for show money. This 3-year-old has nad rather hard luck in some of his races and should be a factor to-day. He will be about 7 to 1 in the betting.

Siging up all the conditions, it appears as if Bernays, Taby Tosa and Forehand was the most likely fashion in which the stake should finish, and Bernays will be first betting choice when the field lines up at the post this afternoon.

A card of seven races be looked for candidate to work the chances of Rebo and Ice Water diminish. Clear the Arena has been running so consistently in heavy to have a some good tumper, but has 18 track the race would seem to lie between the trio.

On a slow track the chances of Rebo and Ice Water diminish. Clear the Arena has been running so consistently in heavy going that she must be accorded a place in that event. But, over fast going, it seems as if Rebo should be at contender with the ponderous Elastic getting thid position.

First Mason, it seems, should win the sixth race. His. weight will not bother it made and had be a contender at the end and the chances of Harmakis cannot be overlooked for show money.

out. In the third race Yo San seems to be the

In the third race Yo San seems to be the one they have to beat. She is fast for six furiongs and should be so far out in front to continue the journey and be home first. Orleans should be second and may give Yo San a hard argument before the wire is reached. Tempt sets in light, and as she is partial to a fast track, should be third.

Hon Mot looks like the best bet in the fifth race. Cay is good now and should be second, with Lampadrome third.

It looks like Mr. Rasquil should annex the purse in the sixth race with Armand. This horse has been improving steadily and seems to hold the rest of the field safe. Mike Daly's Helle of the Ring figures next best, with Damisella to be third.

This is the only hunt club west of Pitts This is the only hunt club west of Pitts-burg which is recognized by the Eastern Association, and it is the intention of those interested in the revival to make it a rival of the Mendowbrook and other hunt clubs of the East. Despite its long lethargy, a membership in the Woodbine always entitles its holder to ride in a race for gentlemen riders on an Eastern track. Twelve pairs of hounds of the finest breeding are being brought from England to adon the kennels of the club. They

John S. Bratton, the East St. Louis horseman, is the leading spirit in the revival, and is now schooling his jumpers for the runs of the club, which are expected to take place next fall.

For a headquarters the club has secured Goodwood, the country home of Joseph D. Lucas. Foxes in plenty are to be found near there, it is said.

States and a \$1.59 purse. Cecilio and Micheleana will play Egga and Olascoargoa. Each player will bet \$250 on his side and the management will add \$250. The game will begin at \$3 p. m. and will be for thirty points.

In addition to the main event there will be a second match between Yurrita and Anabitarte. Whites, against De Elbar and Paslego. Blues, at twenty-five points.

There will be no evening performance.

If an addition to the main event there will be a second match between Yurrita and Anabitarte. Whites, against De Elbar and Paslego. Blues, at twenty-five points.

There will be no evening performance.

If an addition to the main event determined the main event at the Jai And yesterday afternoon. Playing with Micheleana for the Whites, he was up against Egga and Altamira, two crack men in their positions. Egga is one of the fastest men playing peiota, and a great favorite in St. Louis, Altamira's ability as an outfielder is unquestioned wherever pelota is played. The Whites won by the one-sided score of 30 to 12. All Eggas speed and skill and Altamira's strength were nothing when Irun got started. The fat little felouw simply smothered Egga at inplay and completely outgenerated him.

At the same time Micheleana was playing a grand game in the outfield. He gave amazing displays of power. Harry Forbes in Trim.

Harry Forbes has reached the city and was a visitor about sporting headquarters yesterday. The former bantam champion looks in good health and is anxious to get on a local bout with Nell.

Frankle Nell is still hanging around Chicka, and seems ready to come to St. Louis. Although the boys have met thrice, it looks as though a return fight here would prove a good drawing card and would furnish come interest. Clarence Forbes will be here shortly to work with his brother. Both will likely remain here most of the summer.

main here most of the summer.

Bob Douglass will pull off the next local battle, his fight between Jim McCormick and Kid Hubert being scheduled for to-morrow night at the Business Men's Gymnasium. The men are to go fiften rounds. The fight should be distinctly fast from start to finish, for one simple reason; that the ring in the gymnasium is small enough to keep them close together. If one becomes desirous of evading the battle, he will have no room in which to escape. Two men classed as light heavyweights, but really heavyweights, fill up a fourteen-foot ring pretty well. Bob's inclosure is just a trifle smaller than this. The bout ought to furnish a collision that can be heard from the gymnasium to Hrondway. Douglass himself will serve as referee. If the comhat sets the exciting, he may have to adopt the Ensish system and take up his quarters without the ropes.

SEVEN ENTERED FOR **BIG CHAMPIONSHIP**

Clark, Gunn, Kiely, Grieb, Fummerich, Hare and Holloway Will Try in Meet.

THREE ARE RECORD HOLDERS.

Contest for Title Will Be Run Off Simultaneously With Public . Schoolboys' Events To Day.

ENTRIES IN CHAMPIONSHIP. Ellery H. Clark, Boston, Mass, Adam Gunn, Buffalo, N. Y. Thomas Kiely, Ireland. John Grieb, Philadelphia, Pa.

The all-around championship of America and the public school championships will ... 0 0 0 2 0 2 0 0 1 -6 12 1 be held this afternoon at the World's Fair Stadium, the first event of the all-around to begin at 1 o'clock.

At 2 o'clock the schoolboys of America will begin their events, and will work in the intermission of the championship events, as the men are allowed five min-utes between each event. In this manner there will be a continuous athletic per-formance.

formance.
Thomas Kiely, the Irish and English Thomas Kiely, the Irish and English champlon, is considered to be one of the best of the seven men entered, it is generally believed by Americans that Ellery Clark or Adam Gum will win the champlorship.

Ellery is the present holder of the title and is likely to win it again this season, but Gum, who has twice held the title, will be a strong opponent of Clark. He stood a good chance of winning the champlonship last year, but competed with a sprained ankle.

While the three mentioned are the fa-

pionship last year, but competed with a sprained ankle. While the three mentioned are the favorites in the meet, a dark horse may be sprung in either of the four others entered. John Grieb of Philadelphia, who made a sood showing in the Turners' competition last week, is entered, and, while nothing much is known of him, he may land a place.

Truxton Hare, the University of Pennsylvania football player, is another entered. John J. Holloway of New York and Max Fummerich of Indianapolis make up the seven athletes who will compete for world's honors to-day.

The men will compete in eleven events, including 100-yard run, sixteen-pound shotput, high jump, 880-yard walk, sixteen-pound hammer-throw, 120-yard hurdle, poie-vault, fifty-six-pound weight throw, one-mile run, broad jump and 440-yard run.

The winner of the championship will receive the title and a gold medal. The second man will get a silver medal and the third a bronze medal.

BOYS TO COMPETE.

BOYS TO COMPETE. While the men athletes are resting be tween their events, more than 600 boys, representing the majority of the large

tween their events, more than 600 boys, representing the majority of the large cities of the United States, will compete for the public school championship of the United States.

This is the first meet of its kind held and will be conducted under the supervision of the Public School Atbletic League of the United States.

The events will be divided into two divisions, one for the High School loys of 19 years and under, and the other for the grammar school students of 15 years and under. The former will include the regulation athletic events, while the latter programme will be arranged so as not to injure the health of the smaller boys.

A consolation race for the boys who do not win a place in to-day's meet has been arranged for Wednesday.

The list of entries includes boys from the Atlantic to the Pacific Coast, and while the meet will likely be a hority contested one, as many cracks will start, the Central High School team of this city seems to be the favorite in the point race, as this school has a total of thirty-three athletes entered.

Among them are many good boys, who will probably land firsts, but with this large number they should capture several seconds and thirds, which will help greatly in summing up the points.

As in the men championship meets, the schoolboy winners will receive gold for the first, silver for the second and bronze medals for third place.

TWO STAKE EVENTS FOR THIS WEEK.

Independence Handicap Will Be Ran To-Day and Junior Saturday.

LIKELY TWO-YEAR-OLDS HERE.

Broomhandle and Kurtzman Will Have Strong Opponent in Layson, From Hayes

With the two big stakes, the World's Fair Handicap and the Derby, disposed of, interest will now center in the Independinterest will now center in the independence Handicap, to be run to-day, and the Junior Championship Stakes, to be run next Saturday. The latter is the third of the series of championship events.

The \$50,000 race was to settle supremacy

of the older horses, the Derby declared the best of the 3-year-olds, and the Junior Championship will decide the honors among the 2-year-olds. The race will be at six furlongs, which is to a 2-year-old what a mile and a half is to the 3-year-

It will be the first time this year the 2year-olds have been asked to go this route on the local tracks, a fact which makes the outcome a matter of greater doubt. It will unquestionably bring together the best field of youngsters which has yet faced a flag in the West, and perhaps in

faced a flag in the West, and perhaps in the country, for, taking past years as a guide, the Western youngsters are usually as good as or better than their Eastern rivals.

A couple of days ago horsemen who have been racing around Chicago considered the Championship Stakes as big a cinch for Fred Cook as was the Derby, Lumarion is a good colt, and Kurtzman a better one. The latter beat everything around Chicago, and was regarded as a far better horse than Handzarra, who was the champion of the spring meeting at Latonia.

around Chicago, and was regarded as a far better horse than Handzarra, who was the champion of the spring meeting at Latonia.

These same horsemen though, when Kurtzman started here Saturday. He would beat Broomhandle so easily that the race would be practically no contest. But when they saw Broomhandle go after the Chicago champion at the three-eighths pole, grab him and poke his head in front and keep it there until Dale, from sheer weakness, began to wabble in the saddle, they had a few thrills they hadn't bargained for.

Fred Cook's trainer, Will Phillips, said after the race that Broomhandle had given Kurtzman the hardest fight he had ever had. A good many horsemen thought it was Dale who was beaten, and not Broomhandle. The boy was so weak from reducing that he could not walk straight, either before or after the race.

His legs would hardly bear the weight of his body, and when he was taken down off Broomhandle, he was utterly exhausted. That he was able to ride Broomhandle so effectively from the three-eighths pole, where he began his run, down to the point between the sixteenth and eighth poles, where he had to give it up, was a wender, and the chances are decidedly that, had he been able to keep up his effort to the end, Kurtzman. Both coits will hook up next Saturday at higher weights, and Dale, if he does not attempt to reduce unduly to ride in some other race, can have the leg up at a weight at which he will have his full strength. Broomhandle will carry 121, including a five-pound penalty, and Kurtzman will carry 121, including a five-pound penalty, and Kurtzman will carry 121, including a five-pound penalty, and Kurtzman will carry 121, including a five-pound penalty.

THINK WELL OF LAYSON. But the race will not be exclusively beween these two. Tom Hayes is in well

with several. It is very probable, however, that his main reliance will be Layson, a maiden. This colt has started twice, each time coupled with another of the Hayes youngsters as an entry, and each time he has been taken back and the stable companion allowed to win.

The first time, he finished unplaced to Zinda, and the second time, in the Kindergarten Stakes, Austin had to pull up very sharply at the end to keep him from running over Braden, who won the race. In this race they both beat Broomhandle in muddy going, which is not Broomhandle's best. with several. It is very probable, howev-

Broomhandle, too, by comparison with Braden, had so much the worst of the luck that his defeat by that colt is easily explained. But by comparison with Layson, it looked as though the latter colt had a pull in the weights, as he did in the Kindergarten, carrying but 113 pounds.

pounds.
Then there is Barney Schreiber's crack, Pinkerton. He has apparently rounded to again, and is as good as he was during his rather sensational run of victories on the coast. He had the honor of winning the the first 2-year-old race of the year. on January 1, the universal birthday of race horses.

ABSORPTION, IRRIGATION AND DIGESTION THE ONLY CURE FOR

A method that separates the fibers of Stricture, digests and passes them from the canal, immediately reduces inflammation, giving instant relief from the torturing misery of painful and difficult urination, without a sign of blood, the least bit of pain or any unfavorable symptoms thereafter, leaving the canal as natural as when hope.

My method of curing Stricture in all its stages is by Irrigation and Digestion, which absorbs the substance that connects the cleatrix, or fibrous formation, so that the stricture is removed in shredike particles, leaving the canal entirely free and unobstructed. If it is inorganic stricture, commonly called chronic generates or gleet, I reduce the inflammation at one; discharges, irritation, paintul and frequent urination are stopped immediately, and soon the canal heals, resuming a perfectly natural condition. By removing all the inflammation in the entire genito-urinary system, my treatment cures the severe complications with the kidneys, bladder and prostate gland that usually arise from neglected stricture, and when I dismiss a case not a sign of the disease ever respects.
